## *HONORARIES*

## *Dedication*

How does one receive the honor of having a yearbook dedicated to one's self? In the eyes of the '71 CARDINAL Staff, one must be efficient, loyal, patient, energetic, and most of all, willing to give of one's time. One must be able to teach many valuable lessons— lessons that will carry a student forever throughout life. One must always set a good example for one's students.

This year the search for a dedication nominee was not difficult — we found our nominee immediately and our choice was unanimous. Our nominee, although she does the bulk of her work with the seniors, does not stop there — she helps the juniors and the sophomores also.

Her interests and activities are so diversified that no single student is untouched by her presence. At one time or the other during the course of a student's education at N.C.H.S., he will either take his problems to her or will sit in one of her classes. She is always there — without her, our day is not complete.

Our nominee fulfills our ideals, but she goes one step farther — she fulfills them successfully! That is why we, the CARDINAL Staff, dedicate the 1971 CARDINAL to our friend, social studies teacher, and advisor, Mrs. Bernice Cline.

## *Representatives Learned Leadership Qualities*

*This past summer Frank Kuhn and Sam Kuhn were among representatives to the Rotary Leadership Camp at Brevard College. The students came from various high schools in this Rotary district. The purpose of the week-long camp was to develop the leadership potential of the students. Sam and Frank heard speakers, went on field trips, and attended classes.*

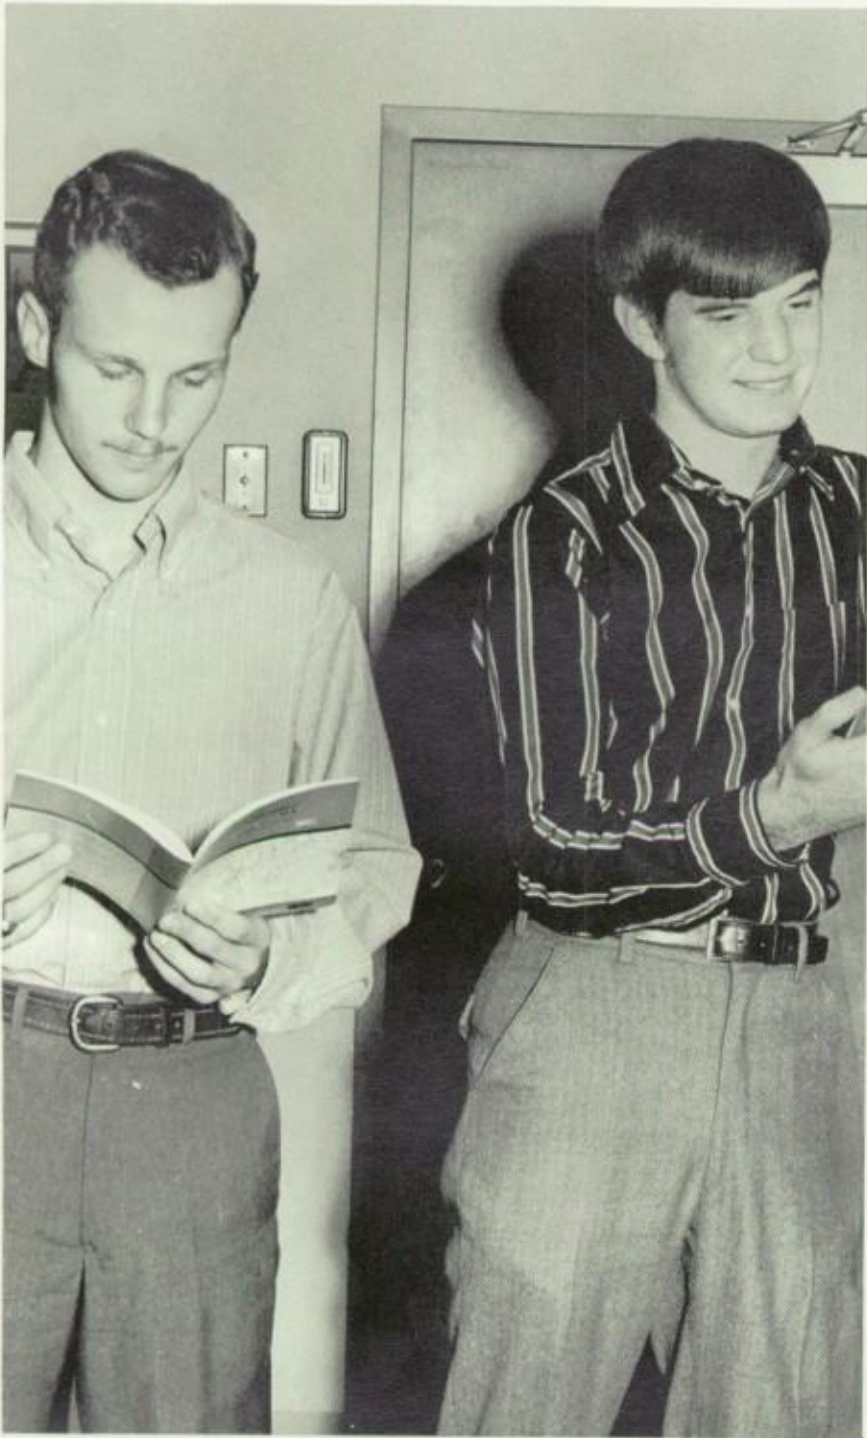

## *Delegates Discussed World Problems*

*Melinda Smith and Ralph Pitts were delegates from N.C.H.S. to the Carolinas' Civitan Youth Conference. This is a week-long event held in Hendersonville, N. C. They were also divided into special interest groups and enjoyed many extra curricular activities.*

## *Representatives Gained Practical Experience*

Boys' State is best described as a practical experience in government. Each summer, approximately five hundred boys from all around the state of North Carolina gather for an eventful week at Wake Forest University in Winston-Salem. The young men control a mock state government by electing officers to city, county, and state government positions. In addition, they participate in many extra-curricular activities. Bill Fox and Ralph Pitts were the N.C.H.S. representatives. This past year Bill and Ralph held offices, and Ralph was declared the winner of the annual Boys' State oratorical contest. The American Legion sponsors the event.

Girls' State is held on the campus of the University of North Carolina at Greensboro. Each year, representatives from the entire state of North Carolina gather to study the different forms of government. The girls learn more about government by putting their knowledge to practical use in the mock elections, political parties, and towns. Joyce Hatchett, Melinda Smith, and Cynthia Williams represented N.C.H.S. at Girls' State. This is sponsored by the American Legion Auxiliary.

Rick found time to participate in intramural sports and was chosen as an all-star player on both the baseball and basketball teams. He also served as sports editor of the school's newspaper.

At the beginning of the second semester, the names of the 1971 Junior Marshals were announced. The juniors who obtained the highest academic averages in the class were chosen to be Junior Marshals. These outstanding students participated in the annual Awards Day Assembly at N.C.H.S. serving as ushers during the baccalaureate service. The graduation exercises was the most meaningful duty which accompanied being Junior Marshals.

Students are allowed to express their feelings in music, in chorus, pep band, stage band, and marching and concert band.*

*Along with the change in times and music comes a change in art. Paintings have gone from well-defined to the many forms of abstract. Creativity is encouraged in the art classes.*

# D.E. And I.C.T. Programs Invaluable To Many Students

On-the-job training is provided by the D.E. and I.C.T. programs. Students are taught the techniques of their jobs. In the afternoon, students leave school and apply what they have learned in the business where they are employed part-time.

Industrial Co-operative Training concerns the production of goods. Students involved in I.C.T. work in factories, mills, and furniture plants.

Co-operative Distributive Education concerns distribution. Students taking D.E. are employed in offices and stores where they work directly with the public.

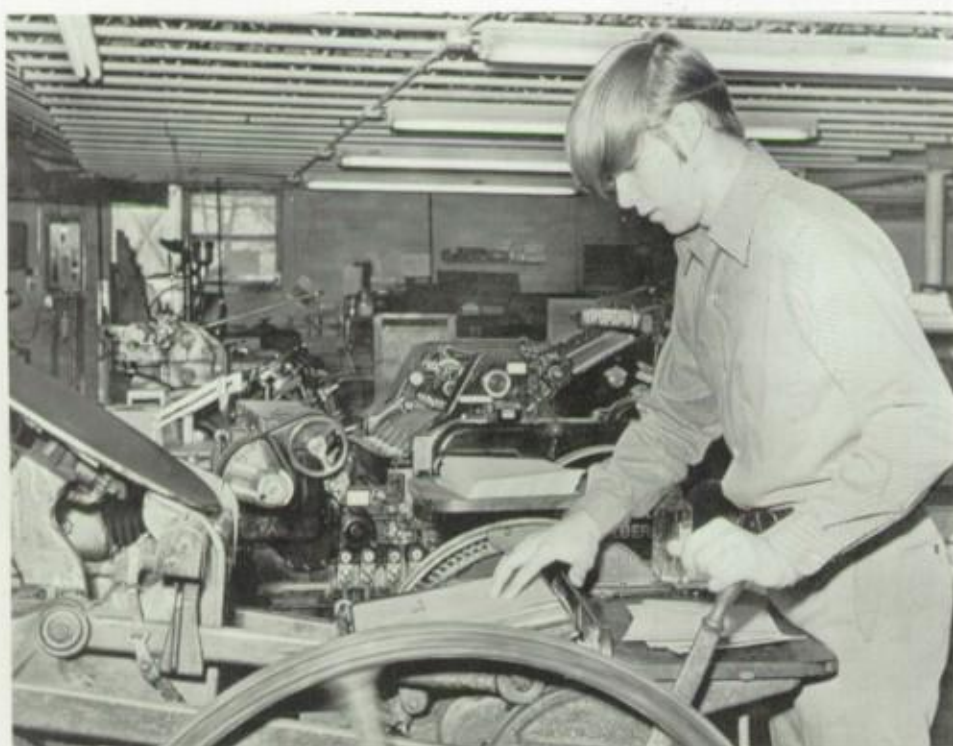

A new course offered at N.C.H.S. is Marketing. This course deals with all aspects of marketing and distribution related jobs without placing emphasis on any particular marketing activity.

### Reddy To Rock

Reddy Kilowatt never misses a party. In fact, without him, things would be pretty dull. Think of it: no stereos, televisions, electric guitars or ice cubes.

Thanks to Reddy there are over 160 flameless electric servants that make modern living comfortable, economical and fun. When you have a home of your own, there will probably be even more.

*The people have gone home,  
And empty desks in silent  
classrooms  
Are no longer decorated with  
crumpled test papers*

*The place changed a little as it  
grew  
Or you grew a little as it changed  
Or everything else changed and  
grew, and you sat back and  
surveyed the process.*

*Or did you?*

*For some, years never to return.*

*When I was younger, I thought that being a senior would be one of the high points of my life. Reaching the twelfth grade seemed an impossible dream – but somehow, I have obtained my goal. I have had a chance few other students have ever had – I have been fortunate to record my moments – my impressions of high school in this yearbook. If I should chance to remember NCHS, I need only to look at this yearbook to relive every moment – to relive and remember both the good and the bad. I hope that each of you can say that also. Thank you for making my three years at NCHS memorable ones, and thank you for all the time and talent each of you gave to make this Cardinal '71 possible.*
